

### 3.5.1

The college management has a clear policy on consultancy activity: The decision was accepted and passed for approval of Academic Council. The members unanimously accepted the policy. Since then the college introduced training and skill transfer employment courses in the campus. Also the college move forward with MOUs with Business organizations. These activities are paid once and every year revenue is generated from the consultancy services. This makes the trained students not only yearning but also gain job experience. The college is benefited in terms of revenue.
