### Training Programme on Renovation of Old Garments

**Date: - 28.08.2021**

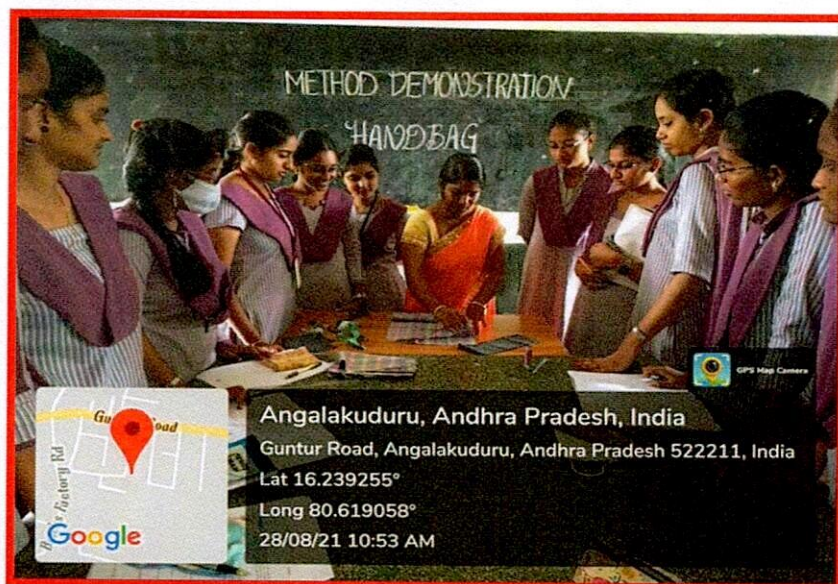

**Time: - 10:30AM**

**Activity: -Method demonstration of Hand Bag.**

**Place: - Dept. of Home Science**

"A penny saved is a penny earned", is an old saying. In India, almost everything is used and reused. An attractive garment made at little or no cost will help to adjust clothing allowance so that money can be saved for better quality in some other garments, or money for some other purpose. Remaking a garment is a greater challenge to a girl's ability and workmanship than making a garment of new material. Made-over or remodelled garments may be as attractive as new ones. If the entire garment is re-cut, it is considered as remaking, or restyling. If only some part of the garment is changed as neck, sleeves or hem, it is a, remodelling problem. Alongside, this has an important social impact — this work gives employment to women who can then employ others.

Ms. J. Keerthi Lecturer in Home Science demonstrated and constructed hand bag with Old Garments to the Students in the Dept. of Home Science on 28.08.2021 at Textiles Lab, Dept. of Home Science.

### Report

**Name of the Event** : Strength Fitness Training Programme"

**Name of the Resource Person** : Mr.E.Ravinder NIS Volleyball Coach

**Date** : 17-11-2021

**Venue** : Play Ground

**Students involved** : Sports Students.

On November 17, 2021, a workshop titled "Strength Training for UG Women" was conducted with the aim of empowering undergraduate (UG) women through fitness and strength-building exercises. The workshop was organized to promote physical well-being and self-confidence among female students. Ravinder, an experienced fitness trainer, led the workshop, providing valuable insights into the benefits and techniques of strength training tailored specifically for UG women. The session began with an introduction to the importance of strength training in enhancing overall health, metabolism, and body composition.

Students are engaging in fitness exercises both on the playground and gym

Ravinder emphasized the importance of proper form and technique in strength training to prevent injuries and maximize results. Participants were guided through fundamental exercises targeting major muscle groups. The workshop included demonstrations of personalized workout routines designed to suit the needs and fitness levels of UG women. Ravinder provided modifications and adaptations to accommodate individual abilities.

Throughout the workshop, emphasis was placed on empowering UG women to embrace strength training as a means of improving self-esteem, body image, and overall physical fitness. Participants were encouraged to challenge themselves while respecting their body's limits.

**Topic:** Reproductive Choice of Women: A Fundamental Right

**Participants:** Staff & Students

The Department of Home Science Conducted a National Webinar On “**Reproductive Choice of Women: A Fundamental Right**” on 25<sup>th</sup> November, 2021, through Google Meet and YouTube Live.

Resource Person 1, Shri. Vasireddy Padma, Chairperson, AP Women’s Commission. She stressed that Reproductive health care is life cycle approach and the Primary Health Centres should focus on these issues. We need proper supervision and monitoring authorities to identify the loopholes in the system and to rectify those.

Resource Person 2, Dr. Sr. Shiny .K .P presented a few insights on the topic of the webinar Reproductive Choice of Woman is a Fundamental Right encompassed under the umbrella of Article 21 of the Constitution of India. She felt that need to put a lot of effort to bring awareness among women about their fundamental right in this patriarchal society where male mostly takes the advantage of making decisions in the family.

Resource Person 3, Dr. K. R. R. Madhuri highlighted the topic Do Reproductive Rights merely mean the Right to Reproduce? Or is the inextricably linked to the numerous questions that surround women’s reproductive freedom. She felt that the ability to reproduce seems to be what that sets women apart from men but women actually does not have the freedom to choose whether, when and how many children to have.

Resource Person 4, Dr. T. D. Vimala started her lecture with the value systems of family and the responsibility of home maker in maintaining the health of the family members. She explained about the ill effects of Malnutrition on future generations with research evidences for Ex. Giving

birth to children with congenital abnormalities, pre natal and peri natal problems and mentioned that most of the Adolescent girls are suffering with PCOD.

Resource Person 5, Sri. K. Kumara Swamy focused on the barriers to access safe and legal abortion care like Socio-economic factors, prevailing obstacles within the existing health care system. He felt that to be practical Lack of awareness and training among healthcare professionals is also another issue to be focused if we really want to do justice to women in enjoying their reproductive right.
