We started from the college at 1.00pm to reach Poultry farm at Gudivada. Students observed cage system of poultry farming – layers .Single comb, white leghorn layers are rearing in the farm. 4 layers are kept in each cage. Cages are arranged in tiers in four sheds . Feed channel, egg receiving gutter and tap water system with nipple drinkers are provided. They got information about the management of rearing of layers like vaccines, deworming, debeaking, dubbing, egg laying capacity, culling, use of litter and excreta, marketing and economic importance. Cage system is very useful to recognize and isolate the infected fowls from other healthy fowls. The Manager explained about the composition of poultry feed and showed the preparation of their own poultry feed.

Then we proceeded to rearing of Broilers and Layers in deep litter system at Kopalle. The owner explained in detailed about the types of chick meal, timings, types of vaccines, precautions, deworming, debeaking, identification and isolation of infected birds, ventilation, maintenance of temperature and marketing. He also showed samples of vaccines with companies what they used .

Introduction:

JMJ College for Women has always been committed to fostering a conducive environment for English language proficiency among its students. In pursuit of this objective, the college has partnered with ILM (Institute of Language Management) located in Bangalore in 2018-19 and 2019-2020 academic Years. ILM specializes in teaching communicative English, with a strong emphasis on etiquette and manners, recognizing their significance in effective communication. The institute, under the leadership of Mrs. Ronila Kalro and Mr. Sanjay Subramanya, prioritizes holistic development through campus-based teaching methods and diverse activities. Mr. Mahesh, an experienced trainer from ILM, facilitated the training sessions.

- Overcome stage fear and build self-confidence by articulating views in English

Training Schedule:

The language and communication skills training program ran from 05.08.2019 to 24-02-2020, with dedicated hours allocated each day as follows:

During the initial term (July-August), the training sessions focused on foundational language skills, emphasizing communicative English, group discussions, public speaking, personality

development, and vocabulary enhancement. Students actively participated in these activities, thereby refining their speaking abilities.

The subsequent term introduced a variety of engaging activities such as the "Rolling Trophy" and "Medal of Honour," along with sessions on speaking and writing skills, body language demonstrations, presentation skills, group presentations, and reading and listening exercises. The curriculum also included aptitude development activities.

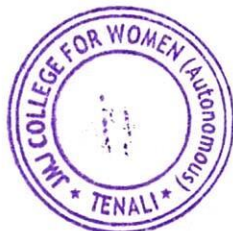

Outcome:

The training program yielded several notable outcomes:

- Increased confidence in using English language.
- Development of real-life language skills through engaging activities on familiar topics.
