REPORT ON

Soft skills for Strengthening Tomorrows Ambition 9th September 2021

The department of English, under the guidance of Internal Quality Assurance Cell (IQAC) has conducted a one day National webinar on *Soft skills for Strengthening Tomorrows Ambition* by Dr. Raja Kumar Guduru, Assistant Professor, School of Humanities, Social Sciences and Management, Indian Institute of Technology, Bhuvanesar. The resource person explained that, Soft skills are defined in many ways and are called by many other names including transferable skills and 21st century skills. In Soft skills "character traits, attitudes, and behaviors comes first rather than any other technical aptitudes or knowledge". He expressed that Grooming, Anger Management, Mental flexibility, Resolving Conflict, Teamwork, and Leadership can transform a student into a professional employee or a successful entrepreneur. He explained that every student should have to focus on their ability rather than their inability. In these uniquely challenging times, the demand for effective leadership in organizations and in society has never been greater. We face problems that can only be solved by leaders who see the bigger picture and adapt to an ever – changing context. In this webinar more than 100 students were participated and got knowledge on Soft skills.
