Career Counseling on "WALK-OF-LIFE"

NOTICE

Date: 24.06.2022

The Department of Computer Science is going to conduct a Career Counseling Programme titled "WALK- OF - LIFE" on 27.06.2022 at 2:00 pm for all Computer Science Students at Mini Auditorium. The Resource Person for this Lecture is Mr. Y.Poorna Chandra Rao, MSc, MTech, Dr.K.R.R.M.Degree College, Duggirala.

Venue : Mini Auditorium

Time : 2:00 to 3:30 PM

Date : 27.06.2022

Artificial Intelligence
Report

Activity: Artificial Intelligence

Duration: 30 hours

Instructor: Mrs. B.Aruna, Lecturer in the Department of Computer Science

Date: October 14th, 2022 to January 31st, 2023

The Department of Computer Science offered a certificate course on Artificial Intelligence (AI) from October 14th, 2022 to January 31st, 2023. The 30-hour course was conducted by Mrs. Aruna, a lecturer in the Department of Computer Science, known for her expertise and engaging teaching methods. The course equipped students with the necessary skills to excel in the rapidly evolving field of artificial intelligence, preparing them for advanced studies and professional opportunities in technology and AI-related domains. The 30 - hour certificate course on Artificial Intelligence, led by Mrs. Aruna, provided students with a thorough education in both the theoretical and practical aspects of AI.

Mrs. Aruna explaining about Artificial Intelligence

REPORT

Day: I—An Interdisciplinary Six-day National Webinar cum FDP was jointly organized by Department of English and Department of Zoology on '*Emerging Trends and Technologies in Development of Skills in Higher Education.*' from 21st November,2022 to 26th November,2022. Google Meet was the platform used for the participants. The registered participants were engaged in a special Whats App group and by email. The recordings are being uploaded on the YouTube channels with the Technical support of Mr.Murali.

National Webinar – Participants; 21/11/2022

The Webinar started at 10.00 am with a prayer song. Ms .M.Aruna, Head of the Department of Zoology initially welcomed all the Guests, participant’s researchers, scholars, delegates and academicians and gave a brief introduction about FDP. She also said that, the main objective of this FDP is to understand the teaching techniques/methods employed in their respective subjects and also to explore the strategies that can be used in related subjects. Dr.N.Vimala Devi, Head of theDepartment of English, Introduced the keynote speaker of the webinar Prof. MadaviKesari, Head of the Departmentof Humanitiesand Social Sciences, National Institute of Technology, Warangal.She discussed the topic on '**Emerging Trends and Technologies in Development of Skills in Higher Education**'. She highlighted that Holistic Education has permeated in all sectors of life. She focused on Integration of

Education and main stream skills and Technology components helps to bring out real life issues in classrooms and leads to meaningful discussions regarding the same.

Prof. Madavi Kesari, Head of the Department of Humanities and Social Sciences, National Institute of Technology, Warangal. She discussed the topic on **'Emerging Trends and Technologies in Development of Skills in Higher Education'**.

She asserted that Holistic Education is evolving at a faster pace than any other period in recent history. To better understand these skills Faculty has to equip themselves with new changes in classroom teaching and by using Holistic skills and technologies for education worldwide to create, collaborate, and communicate to students. She covered these aspects Holistic Skills, Cognitive skills, critical thinking skills Gig Economy; Start up Marginalized Sections to Drive up Skills Pad let Telescopic Text, Near Pod Quillwort. She interacted with the participants after the completion of her talk. Dr. G.Jyothi Olivia, Department of English proposed Vote of thanks

Day – II

Programme began with a welcome address by Dr. G.Jyothi Olivia, Department of English. The second day speaker Dr.Sonam Gupta Assistant .Prof.in Dr.Shyama Prasad Mukharjee University, Ranchi. The topic of her discussion was **"Research Manuscript- Advancement through Online Tools & Techniques"**. She exclusively discussed the central structure of original research paper, complete writing process and thesis writing tools, use of online paraphrasing software, use of reference management software's, Scopus free publications, predatory journals, UGC care list, Q1, Q2, Q3 and Q4 journals and free writing tips. She mainly focused on Online thesis writing tools like Docear, Bibme, Google Scholar, Scrivener,

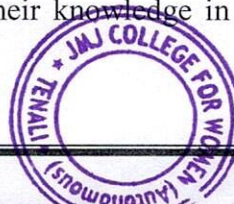

Cobain and some of the important digital tools used for academic purpose, creating research profiles, finding relevant and good quality journals and also some Online Paraphrasing software's like Quibolt, SmallSeo tools, Paraphrasing tools, Prepostseo, Rewriter tools, Duplichecker, Paraphraser, Plagiarism Detector, SEOMagnifier and Spinbot. About Citation and Referencing, she explained that we should include a reference for all the sources of information that we use when writing. When we use another person's work in our own work, either by referring to their ideas, or by including a direct quotation we must acknowledge this in the text of our work and this acknowledgement is called as citation. And she also explained about some of Reference Management tools like Zotero, Mendeley, Trix, Endnote, Reference Manager and KiBibTex and some of the writing tips like the passive voice in contrast emphasize the receiver of the action. The passive voice is and can be weak, awkward and wordy. In regarding of tenses, she explained that Present tense should be used to explain significance of result and past tense to summarize findings, with present tense to interpret results. Amalgamations the much needed digital skills, which can play a significant role throughout the research process. Vote of thanks was proposed by E.Pranavi, Department of English

Dr.Sonam Gupta Assistant .Prof.in Dr.Shyama Prasad Mukharjee University, Ranchi.
“Research Manuscript- Advancement through Online Tools & Techniques”.

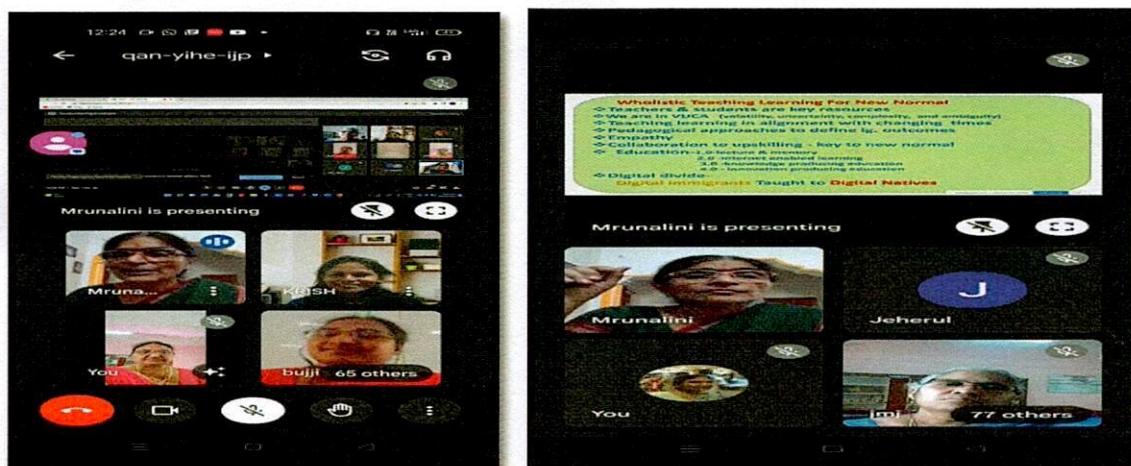

Day - III

The session was started with a prayer song. Introduction of the session was given by Dr. Ch. Sarojini, Department of Zoology. The third day, the speaker was, Prof. Mrunalini Talla, Dept. of Education, Osmania University, Hyderabad. Her topic of the discussion was ‘**Techniques and Technologies of Teaching**’. She emphasized about how a teacher would understand pedagogy and acquire skills and technologies to share their knowledge in classrooms in a

better manner. She explained that, commitment, tolerance, courage, confidence, storytelling, organization, aptitude, attitude and innovation play a crucial role, not only in the professional life but also in personal life. She mainly focused on how to communicate in the classroom and how to use new techniques in a teacher centric class to grab student's attention towards the class. She also explained that, SWOC analysis must help a teacher to inculcate knowledge in students, because a teacher should have to look upon their all-round growth. She told that a teacher should be enthusiastic, as well as bold and courageous to apologize of his/her mistake in the class. She explained this with a Sanskrit slokam – Desiko Navalakshanah. She entrusted, the use of the blooms taxonomy, which helps in the classroom. She concluded her talk by saying that teaching profession is a noble profession and it must be Holistic in the present situation.

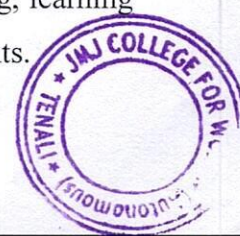

Dr.P.Bujamma , Department of Zoology proposed Vote of thanks.

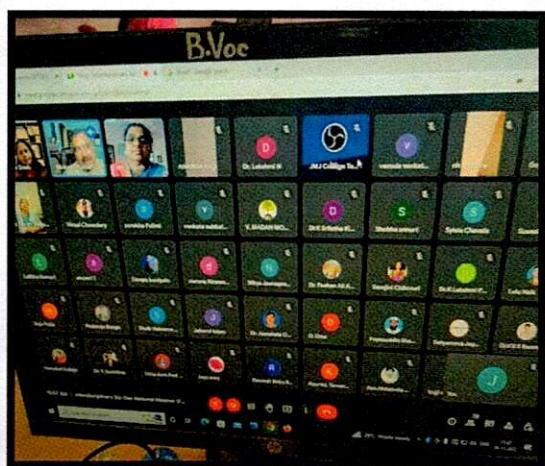

Prof. Mrunalini Talla, Dept. of Education, Osmania University, Hyderabad. Her topic is 'Techniques and Technologies of Teaching'.

Day – IV

The session was started with a prayer song. Introduction of the session and introducing the fourth day speaker Prof. Mrinal Chaterjee, Professor, Journalist, Media Academician & Regional Director of the Eastern Indian Institute of Mass Communication at Dhenkanal, Odisha, was given by Dr. N. Vimala Devi, Head of the Department of English. The discussion of his topic was 'New Pedagogy – across the World'. He lightened an Innovative Pedagogical approaches that have the potential to guide teaching and transform learning. The selected pedagogies namely formative analytics, teach back, place – based learning, learning with drones, learning with robots are attached to specific technological developments.

He frazzled about the COVID – 19 pandemic situations have forced sudden transformation in many sectors of the global community, turning the world upside down. The sudden transition to online pedagogy as a result of COVID – 19 in developing countries has exposed some inequalities and challenges, as well as benefits of new pedagogy in digital tech – rich countries. The outbreak has had tremendous effects on many of the global sectors and global systems. He emphasized upon Corona provide a rapid assessment of the benefits of the online mode and the challenges that a company the dynamics of this pedagogy, to improve teaching and learning using online facilities in terms of pandemics and unrest, especially in the developing and least developed countries. Vote of thanks was proposed by Dr. G.Jyothi Olivia, Department of English.

Prof. Mrinal Chaterjee, Professor, Journalist, Media Academician & Regional Director of the Eastern Indian Institute of Mass Communication at Dhenkanal, Odisha. The discussion of his topic was ‘**New Pedagogy – across the World**’.

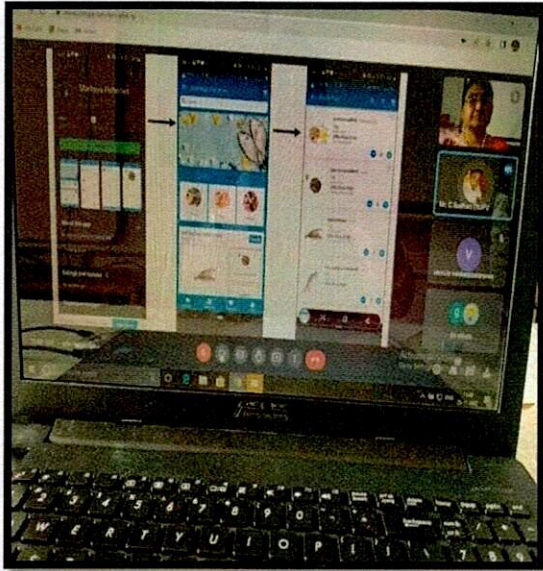

Day – V

On 25.11.2022 Mrs.M. Aruna Head of the Department of Zoology, introduced **Dr. Sudhan Chandran, Assistant Professor, Department of Fisheries Biology and Resource Management, TNJFU – Fisheries College & Research Institute, Tamilnadu.** Dr. J. Jayalalitha Fisheries University, Thoothukudi .He gave a talk on ‘**Web Based Fisheries applications for sustainable future towards blue growth.**’In his talk he gave the inputs regarding the recent status of Marine fish capture and inland fish production still we are not utilizing the Natural resources available in our India.

He stressed – Fisheries potential, Exports, Units under Ministry of Apiculture, Android mobile based applications – Fisheries – for fishermen, aquaculture for aquaculture farmers, CIBA shrimp app for reading materials, Usage of Technology for capturing the fish and for Identification of potential fishing zone, Funding Agency Matsya setu, Matsya fisheries

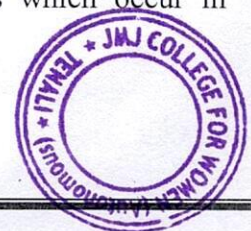

Business SURA Fisheries Education developed by him, Advancement in Fisheries sector, using different portals to upgrade our studies course, International portals, Indian (National portal) Swayam, How does the technology impact on Education. Participants interacted enthusiastically with the resource person. Dr. Ch. Sarojini, Department of Zoology proposed Vote of Thanks.

Dr. Sudhan Chandran, Assistant Professor, Department of Fisheries Biology and Resource Management, TNJFU – Fisheries College & Research Institute, Tamilnadu. He gave a talk on **‘Web Based Fisheries applications for sustainable future towards blue growth.’**

Day – VI

On 26.11.2022, Dr. P. Bujamma, Department of Zoology introduced **Dr. Ramesh Rathod, Senior Scientist ICAR Central Institute of Freshwater Aquaculture.** He gave talk on **‘Recent Advances in Freshwater Aquaculture.’** He explained about Aquaculture production systems under usage around the world. Cage/pen culture, Aquaponic system, Bifloc system, Race ways, Aqua house, Flow throw system and culture ponds are some of them he stressed. He also mentioned about different species of prawns and shrimps used to culture in our India and Andhra Pradesh along with the carps and Pungasius and Rupchand which have more demand in North Eastern market of India. He told about genetically improved farmed Tilapia (GIFT), Rohu which are mostly focussed at present in AP Research institutes. He explained feed and feeding practices regarding fresh water Aquaculture; Carp seed production and transport from Andhra Pradesh; common diseases which occur in

Aquaculture; Challenges and sustainability issues of Aquaculture and existing management practices.

Dr.Ramesh Rathod, Senior Scientist ICAR Central Institute of Freshwater Aquaculture .He gave talk on ‘Recent Advances in Freshwater Aquaculture.’

Mrs.M. Aruna, Head of the Department of Zoology proposed Vote of Thanks after the interaction of the participants with resource person.602 participants registered and attended for this programme from various colleges, institutions, and universities of different states across India. We are proud to announce that the FDP experienced an overwhelming response from Faculty and aspiring researchers and Students from several universities.

I Hope this Webinar Cum Faculty Development Programme provided an opportunity for Faculty, Scholars, Academicians and students to strengthen their knowledge, practical skills and employability skills by using the latest technology. I hope this FDP will host bracing, edifying and charming discussions and motivated Faculty and young researchers to immerse themselves in practical oriented Teaching and Learning.The Interaction with the participants was really outstanding. Ms.T.Keerthi, Department of English, taken the photographs during the Webinar.

Valedictory address was given by Dr.Sr.Shiny, Principal. Report on Interdisciplinary Six-day National Webinar was presented by Mrs.M. Aruna,Head of the Department of Zoology Feedback session and proposal of Vote of Thanks was taken up by Dr.N.Vimala Devi, Head of the Department of English. Certificates were issued to the participants by filling up the feedback forms provided by the organizers in the form of link.

FIVE - DAY INTERNATIONAL WEBINAR

ON

YouTube

CURRENT TRENDS AND FUTURE ADVANCES IN CHEMICAL SCIENCES & LIFE SCIENCES

Jointly Organized by

DEPARTMENT OF CHEMISTRY & BOTANY

Date

13th to 17th DECEMBER 2022

ABOUT THE COLLEGE

Jesus Mary and Joseph College for women is one of the Minority Institutions inspired by the teaching and the life of Jesus Christ in A.P. It awakens and inspires the student's high ideals of social service and the prominent role they play as makers of home and society. The college was started on July 2nd 1963, with 75 students. From this humble beginning the college has emerged as one of the best colleges in Acharya Nagarjuna University. At present the college offers 21 UG and 4 PG courses. The college has well furnished classrooms fully equipped laboratories, English Language Lab, Internet facility, Seminar room Auditorium, Gym, Playground and excellent hostel with hygienic conditions. The college was accredited by NAAC at A Level in 1999, reaccredited at B++ in 2006, B in 2013 and B++ in 2019.

ABOUT THE WEBINAR

Chemical and Life sciences offer an integrated approach to deal with all branches of Chemistry and Biology including Health care, Agriculture and Environment through knowledge generation, innovations and advancement of cutting-edge technology. Advent of Chemical, Life Sciences and its applied discipline biotechnology in this direction plays a pivotal role in research and development aligned with diverse disciplines of sciences.

The webinar offers multi-disciplinary forum for chemical and life sciences to raise the most challenging issues in current scenario and discuss latest issues among scientific community, academicians to share their research findings, technological advancements and new ideas in order to achieve developments in the field of chemical and life sciences.

THEMES OF THE WEBINAR

- Organic, Inorganic, Physical and Analytical chemistry
- Green synthetic Methodologies
- Biofuels
- Current trends in Plant Sciences
- Current trends in Animal Sciences
- Biochemistry & Medical Biotechnology
- Microbiology & Microbial technology
- Genetics & Genetic engineering

GUIDELINES FOR PAPER PRESENTATION

- Length: 2500-3000 words or 3-5 pages Paper Title should be brief
- All Authors' Title (e.g. Dr./Mr./Mrs.) & Name, Affiliation, Email etc.
- Abstract (not more than 250-300 words) and keywords
- Introduction/Background/Objectives
- Literature Review
- Methodology, Findings, Analysis & Discussion
- Conclusion, Limitations and Recommendations
- References – Harvard or APA Style is required. Tables, figures, etc., their appropriate location in the paper (if applicable)
- Margins: 1 inch or 2.5 cm
- Font: Times New Roman, (12 Size)
- Spacing: 1.5 between lines and 2 between paragraphs

REGISTRATION DETAILS

- Please Note:
- Free Registration
 - E-Certificate will be provided to the participants who successfully complete the webinar
 - Last date for Registration : 12-12-2022
 - Webinar will be organized through Google Meet
 - Registered participants will get the webinar link to your mail id

CALL FOR PAPER

Important Dates:

- Last Date of Submission of Abstract : 12th December 2022
- Registration Last Date : 12-12-2022
- Full Paper Submission: 14-12-2022
- Webinar Date : 13th - 17th December 2022

REPORT

Five-day International Webinar was jointly organized by Department of Chemistry and Department of Botany on '*Current Trends and Future Advances in Chemical Sciences and Life sciences.*' from 13th December, 2022 to 17th December, 2022. Google Meet was the platform used for the participants. The registered participants were engaged in a special WhatsApp group and by email. The recordings are being uploaded on the YouTube channels with the Technical support of Mr.Murali.

The Webinar started at 10.00 am with a prayer song. Ms .Sr.Saradha, Vice Principal, JMJC College for Women, initially welcomed all the Guests, participant's researchers, scholars, delegates and academicians. After that Dr.V. Sumalatha, gave a brief introduction about International Webinar. She also said that, the main objective and significance of this international webinar. As the webinar made most of us to think intellectually in understanding chemical and life sciences very much elaborately. Every presentation made by resource persons was very much informative, many live examples were explained in general way. All the presentations of present webinar contained a new dimension in chemical and life sciences.

As part of the seminar on day one wonderful session by Dr.G Sirisha garu who dealt with *chronic medicinal problems in adult population*. It is known facts that chronic diseases are not only question the health of the individual but also destruct the nation's quality life. We know that health is wealth. Dr. Sirisha garu provided many live examples which she was encountered in her professional life.

Second day on 14th December Dr Prasanth K Prodduturi, Department of Chemistry and Biochemistry, University of Minnesota Duluth, , from USA enlightened us on *Photo induced energy and electron transfer in a cofacial Aluminum (III) Porphyrin Phosphorus (V) Porphyrin Heterodimer*. It can be said that the session was very much informative and resourceful. The complex concept called photo induced energy and transfer of electron was clearly explained by the resource person. The session proved that physical science is dynamic and many components will influence it.

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide with the following content:

Absorption Spectroscopy and Electrochemistry

Table 2. Optical and redox data of investigated Al(III) porphyrin (AlTPPF₂Pb) derivatives.

Porphyrin	Absorption Data in CH ₂ Cl ₂ , λ in nm (log ₁₀ in M ⁻¹ cm ⁻¹)		Redox Data in o-DCB Potential (V vs. Fc/Fc ⁺)	
			Oxidation	Reduction
AlTPPF ₂ Pb	585 (3.40), 547 (4.25), 415 (5.62)		1.22	-0.84, -1.23
AlTPPF ₂ Pb	578 (3.30), 545 (4.24), 412 (5.49)		1.33	-0.68, -1.16
AlTPPF ₂ Pb	587 (3.08), 546 (4.19), 412 (5.61)		1.39, 1.69	-0.71, -1.09
AlTPPF ₂ Pb	585 (3.43), 551 (4.25), 408 (5.57)		1.72	-0.49, -0.89
AlTPPF ₂ Pb	582 (3.72), 546 (4.30), 413 (5.63)		1.77 ^a	-0.59, -1.01 ^a
ZnTPP	585 (3.57), 547 (4.35), 414 (5.66)		1.09, 1.43	-1.12, -1.43

^aRedox potentials were reported against ferrocene, where E_{1/2}(Fc/Fc⁺) = 0.84 V with 0.1 M TBAP in o-DCB in these experimental conditions. ^bThe solubility remains, adequate amount of CH₂Cl₂ was added in the electrochemistry experiments. Scan rate = 100 mV/sec. Pulse period = 200 ms, pulse width = 50 ms, and pulse amplitude = 50 mV.

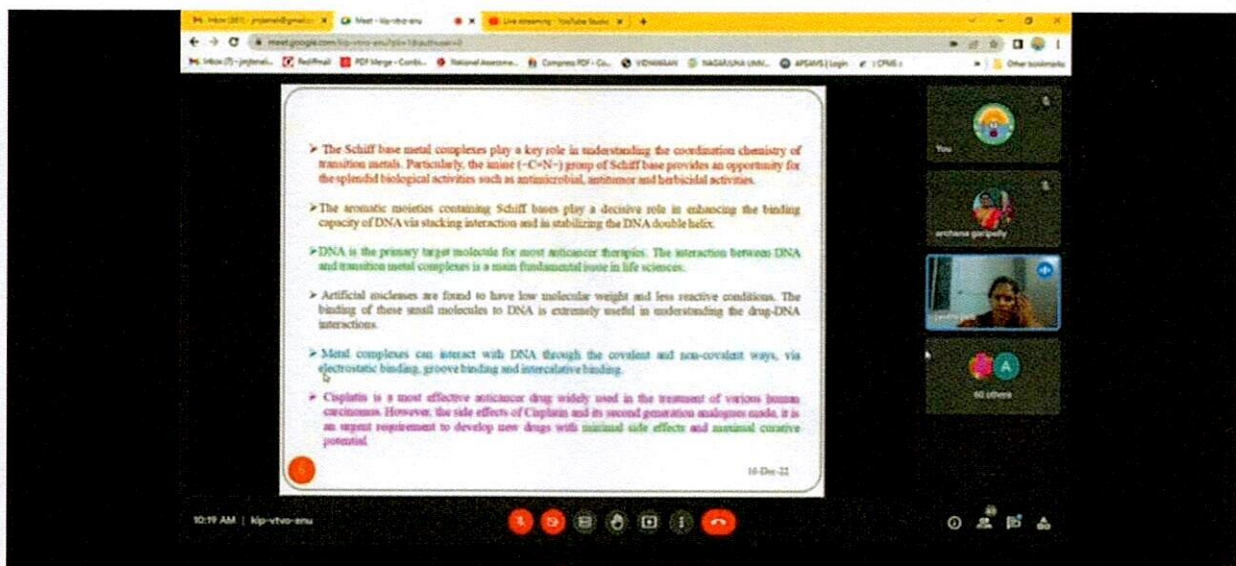

Below the slide, it says "Prashanth K. is presenting". The Zoom grid shows participants: Prashanth K. (JMJ College), You (S), and Sri (96 others).

Third Day on 15th December Prof. Dr. Techn.Murthy S.S.S Chavali Yadav discussed with *Applications of Nanotechnology in Chemical and life sciences*. Respected resource person shared his experiences and researches on nano technology. He also analysed how nano technology brought tremendous changes in technological sector. Researches on nano technology changed perspectives of the world since, it is not confined its base to a specific area or sector. Nano Technology influenced each and every field in technological arena. Importance of Nano technology understood by every participant by resource person's effective illustrations from general and scientific explanations.

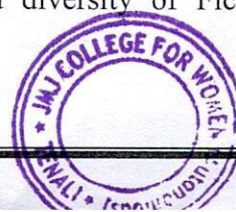

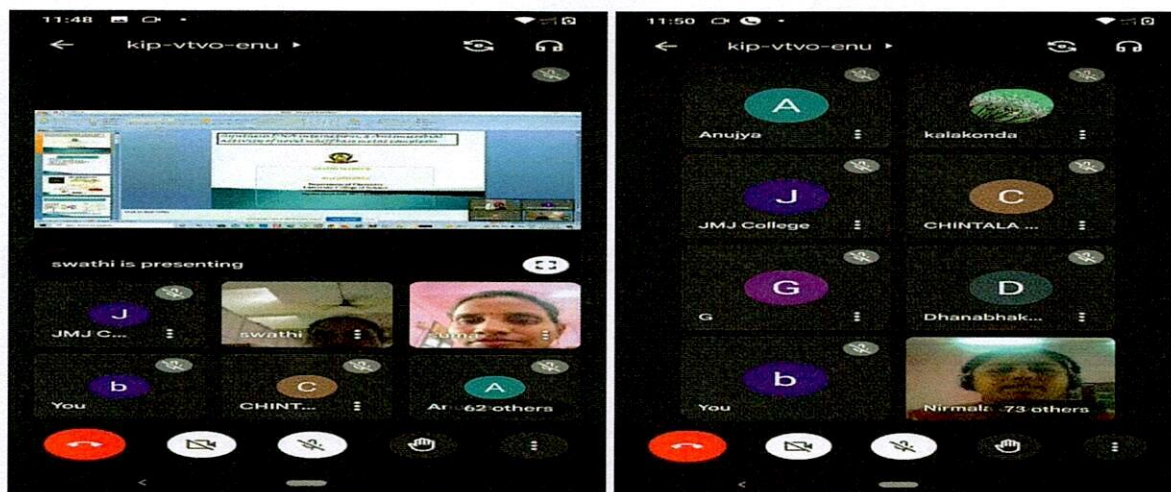

Fourth Day on 16th December Dr P Jyothi Lecturer in Chemistry Govt Polytechnic college, Nalgonda, Telangana delivered a lecture on *Synthesis, Characterization, Biological Applications of Schiff's Base and their Metal Complex*. Respected madam made available her deep informative knowledge to us. Importance of Schiff bases in present polluting and reactions of metal complexes with Schiff bases explained in detail. Biological and environmental changes are really challenging present world. In this scenario the effective lecture on Schiff bases needs more and more research to combat environmental and biological difficulties. It is clearly explained by renowned resource person.

Finally, Fifth day lecture by Dr J V Sudhakar, Asst. Professor & Head Department of Botany, Pondichery University. Sir enlightened participants on *Diversity of the genus Ficus (Moraceae) in the Eastern Ghats, its recent DNA studies and economic implications*. Sir's presentation was really effective in analyzing the nature and diversity of Ficus trees.

Medicinal and other usage of Ficus has clearly elucidated. His presentation mainly focused on the Ficus variety grown in Eastern Ghats. As part of the presentation sir also explained DNA of Ficus and its economic implications very elaborately.

Webinar Programme provided an opportunity for Faculty, Scholars, Academicians and students to strengthen their knowledge, practical skills and employability skills by using the latest technology. I hope this FDP will host bracing, edifying and charming discussions and motivated Faculty and young researchers to immerse themselves in practical oriented Teaching and Learning.

Valedictory address and Report on Interdisciplinary Five-day International National Webinar was given by Dr.V.Sumalatha, Feedback session and proposal of Vote of Thanks was taken up by Mrs.K. Bhavani Devi, Head of the Department of Botany. Certificates were issued to the participants by filling up the feedback forms provided by the organizers in the form of link.

Activity: Research Trends, Job Opportunities and Quality in Global Education

Date: 04.02.2023

Department of Physics organized a Guest Lecture on the topic **“Research trends, job opportunities and quality in global education”** on **04.02.2023** in MBA seminar hall of our college by Dr.Rajkumar Vutukuri, Post-Doctoral fellow, University of Frankfurt, Germany. He explained various job opportunities even in India and in abroad and about the research trends in various fields of Physics. The entire physics faculty and 80 III BSc (MPC, MPC’s) students attended this guest lecture.

Output: Students are benefited by the valuable lecture on Research trends, job opportunities and quality in global education.

Dr.V.Rajkumar enlightening the students on Job Opportunities and Quality in Global Education

Report

Activity: Machine learning

Duration: 30 hours

Instructor: Sr. Amul Mary, Head of the Department of Computer Science

Date: March 2023 to July 2023

The Department of Computer Science offered an intensive 30-hour certificate course on Machine Learning from March 2022 to June 2023. The course was led by Sr. Amul Mary, the Head of the Department of Computer Science, renowned for her expertise and engaging teaching methods. Foundations of Machine Learning, Types of machine learning, coverage of regression and classification techniques are the key factors explained by Sr. Amul Mary in the class. She also taught about Key algorithms, Supervised Learning, and unsupervised Learning. The 30-hour certificate course on Machine Learning, led by Sr. Amul Mary, provided students with a robust education in both the theoretical and practical aspects of the field.

Report

Date: 23.07.2021

Time: 02:13pm

Activity: Guest lecture.

Topic: Processing Techniques of Cookery.

Resource Person: Ms. Swetha Rani, Lecturer in H.Sc, Govt. College For Women,
Guntur

Place: Dept. of Home Science

The Department of Home science organized a Guest lecture on “**Processing Techniques of Cookery**” Ms.B. Swetha Rani Bai lecturer in Home Science, Government college for Women’s, Guntur.

Food processing is the transformation of raw ingredients, by physical chemical methods into food, or of food into different forms .It is the set of methods and techniques used to transform raw ingredients into food or to transform into other forms for consumption by humans either in home or food processing industry .Food processing typically takes clean harvested , crops or slaughtered and butchered animal products and uses these to produce attractive ,marketable and often long life food products . To stop or slow down spoilage to provide food borne illness and extend its shelf –life.

Report

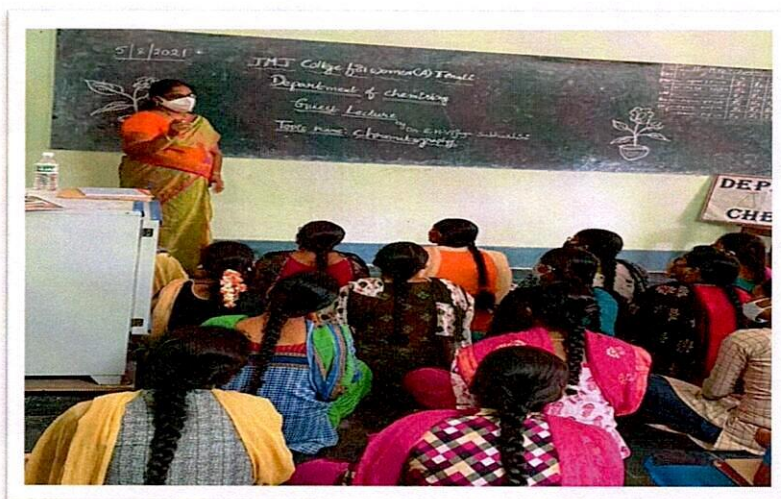

Activity: Guest Lecture

Topic: Chromatography

Date: 05.08.2021

Guest Lecture on "Chromatography" by Dr. E. Vijaya Subhashini, HOD of Chemistry, Hindhu College, Guntur on 5th August, 2021. This lecture is useful to make Research Scholars and PG Chemistry students understand the basic concept of Liquid Chromatography, its principle, working, and instrumentation.

In bio analytical chemistry, chromatography is mainly used for the separation, isolation and purification of proteins from complex sample matrices. In cells for example, proteins occur alongside numerous other compounds such as lipids and In order to be analyzed, these proteins must be separated from all the other cell components. Then the proteins of interest might have to be isolated from other proteins and purified further.

Dr. E. Vijaya Subhashini is enlightening the students on various applications of Chromatography

REPORT

An offline certificate course in **C with Graphics** was offered, with 22 pupils from II B.Sc, B.Com, and B.A registered in the academic year 2021-22. Mrs. G. Durga Bhavani from the Faculty of Computer Science taught the students how to design websites. After successfully completing the course, students appeared for an offline examination on July 8th, 2021. The students learned basic skills in designing websites, including using hyperlinks, images, tables, creating registration forms, frames, and creating effective websites with various styles.

Report

On 23rd & 24th February 2022, Department of Political Science organised **Two Day International Webinar on Emerging Global Order**. On 23rd Chief Guest of the day was Dr. Pavananthi Vembulu, Assistant Professor, Department of Political Science, Madurai Kamaraj University, Tamil Nadu, he spoke on *Security discourses in the new global order* . On 24th Chief Guest of the day was Dr. Manisha Sinha, Adjunt Assistant Professor, University of Cinninati, USA, she delivered a lecture on Emerging Global economic order.

On the 23rd, the webinar was started with a prayer song. Dr. R.Poornima, convenior of the webinar gave significant of the day. The Principal Dr. Sr. Shiny K.P gave her welcoming address. First day speaker was Dr. Pavananthi Vembulu, spoke about After World War II, the World was divided under two major powers **led bipolar world**. The paradigm shift happed when, there was a collapse of the socialist bloc, and the Soviet Union destroyed the previous **bipolar world order** and led to the establishment of a **unipolar world**.

Resource Person Dr.Maneesh Sinha is explaining about Genealogy of Security Studies

He also mentioned that while the unipolar order was formed and developed, the world balance shifted once again. The result is the Western countries' weakening economic growth and their diminishing role in the global arena, while the rest of the world (developing countries) increases the influence.

On second day, from economic perspective, Dr. Manisha Sinha, spoke the debate on an emerging new global economic order had been floating since China announced its Belt and Road Initiative (BRI) few years ago. With BRI being a global development strategy involving infrastructure development and investments in nearly 70 countries to exploit cheap factor markets and expanding product markets, it was thought to be rocking the status quo of the occident ruling the roost.

JMJ COLLEGE FOR WOMEN (A) TENALI

Report

Activity: Guest Lecture

Topic: Cyber Crimes

Participants: H.Sc, B.A & B.com, Students

Venue: Seminar Hall, MBA Block

Date: 07.12.2022

Time: 3.30PM to 05.00 P.M

Internet is the knowledge hub for each and every person having little knowledge about operating the web browser or mobile devices. The use of internet also contains both advantages and disadvantages. The worst disadvantage of internet is Cyber-Crime. Now-a-days Cyber-crime is an emerging threat to all the internet and computer users as well as society in general. Cybercrimes includes any criminal activity committed on the internet such as phishing, spoofing, botnet, and denial of service attacks that cause e- business websites to lose money.

Mr. Omkara Murthy is explaining about the most common Cyber Crimes which occur in the Society

The Resource person offered guidance on preventing cybercrimes tips and techniques to be followed while using internet, the consequence of using and misusing technology. Governments of every country including India have started setting up cyber cells across the country and also making them functional by educating police personnel regarding the prevention of cyber-crime.

Mr. Omkara Murthy highlighted about the most common Cyber Crimes which occur in the Society. He created awareness among the students on how to use internet in a useful way using a presentation. All the students participated in the lecture and gave a positive feedback.

P. Hemalatha .

Report

Venue : Seminar hall

Date : 25.03.2022

Time : 02:30 PM

Activity : Guest lecture on "Stack Designing"

Speaker: Mrs. Swathi, MCA, Lecturer in Computer Science, VSR & NVR Degree College, Tenali

Participation : BSc,B.Com

On March 25, 2022, at 2:30 PM, JMJ College for Women, Tenali, hosted a guest lecture on "Stack Designing" for B.Sc and B.Com students. The lecture was delivered by Mrs. Swathi, MCA, a distinguished lecturer in Computer Science from VSR & NVR Degree College, Tenali. The interactive nature of the session allowed students to actively participate, ask questions, and clarify their doubts. Mrs. Swathi's expertise and clear explanations made complex topics accessible and understandable for the students.

The lecture concluded with a Q&A session, where students had the opportunity to delve deeper into specific aspects of stack designing. The event was highly beneficial, providing students with valuable insights and a solid understanding of an essential topic in computer science.

Mrs. Swathi, Lecturer in Computer Science, explaining about Stack Designing

National Webinar

Topic : The Practical Paradigm of IoT
Date : 19.06.2020
Time : 10.00 A.M
Resource Person : Mr. K. Raushan Kumar Singh, Technical Director of Spectrum Solutions, Pondicherry, Tamilnadu

On June 19, 2020, the Department of Computer Science at MJM College for Women (A), Tenali, hosted a national webinar titled "The Practical Paradigm of IoT." The event commenced at 10:00 AM via Zoom Meeting and featured Mr. K. Raushan Kumar Singh, Technical Director of Spectrum Solutions, Pondicherry, Tamilnadu, as the resource person.

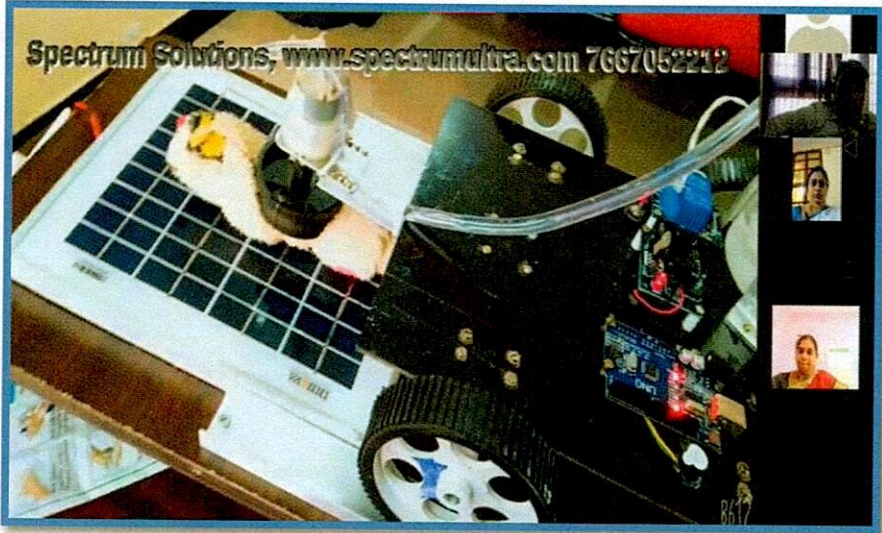

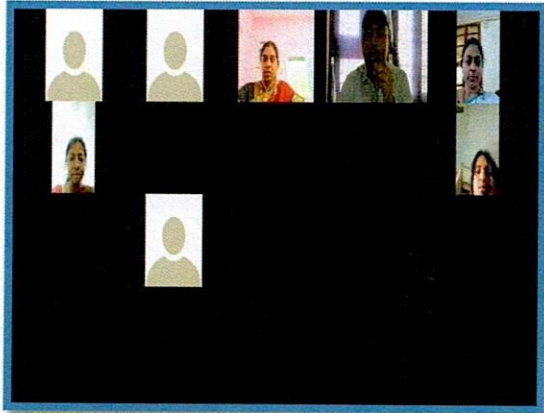

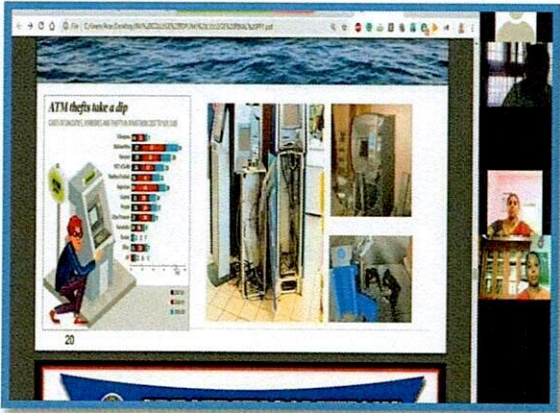

His presentation covered the fundamental concepts of IoT, the architecture of IoT systems, and real-world use cases that demonstrated the transformative potential of IoT across various industries. Participants were introduced to the latest advancements and trends, including IoT devices, communication protocols, and data analytics. The webinar attracted students, faculty members, and all keen to understand the practical implications and future directions of IoT. Mr. Singh's engaging delivery and the interactive Q&A session that followed enriched the attendees' knowledge and sparked insightful discussions.

In this webinar, the resource person shares knowledge on various practical IoT projects like Pesticide Spray Robot, Heart Attack Detection and Alert System using IoT.

REPORT

An offline certificate course in "**Programming in C**" was offered, with 33 pupils from I B.Sc and B.Com registered in the academic year 2020-21. The course was taught by Mrs. Asha Priyadarsini from the Faculty of Computer Science. She guided the students through different coding techniques in C. After successfully completing the course, the students appeared for an offline examination on July 8th, 2021. The students learned how to write basic code for designing simple operations and how to use various functions, strings, and pointers for developing different applications.

Mrs. Asha Priyadarsini from the Faculty of Computer Science explaining the class

Awareness Program on “Digital Literacy”

Place : Mini Auditorium

Date : 02.12.2020

Time : 02.00 PM

On December 2, 2020, in celebration of World Computer Literacy Day, the Department of Computer Science at JMJ College for Women (Autonomous), Tenali, organized an awareness program on “Digital Literacy.” The event took place at 2:00 PM in the Mini Auditorium and was targeted at all first-year Degree and PG students.

The program aimed to enhance the digital skills and knowledge of the attendees, recognizing the importance of digital literacy in today's technology-driven world.

The session featured engaging presentations by faculty members from the Department of Computer Science, who provided practical tips and demonstrated various digital tools and applications. Interactive activities and discussions helped reinforce the concepts and encouraged active participation from the students. The positive response from the attendees underscored the success of the program and its relevance to the students' academic and future career pursuits.

Outcome: In this program, students should know about various components/Hardware of computer, Computer Software's, various technologies and various job roles in the software industry.

Report

Name of the Event : Guest Lecture
Topic : Future Trends and Opportunities for NCC cadets
Name of the Resource Person : Ms.B.Lavanya,
Girls Cadet Instructor,10 (A) Girls Bn,Guntur
Date : 13.11.2019
Venue : MBA Seminar Hall
Students involved : All NCC Cadets
Number of students involved : 42

Miss Lavanya commenced the session by emphasizing the importance of staying updated with emerging trends in an ever-evolving world. She elaborated on several key areas poised for significant growth and transformation in the near future, including technology, sustainability, and innovation. In the technology domain, she discussed the rapid advancements in artificial intelligence, robotics, and data science, highlighting the immense potential for cadets to explore careers in these fields.

She is encouraging them to develop relevant skills and stay curious about emerging technologies

Furthermore, she delved into the opportunities arising from the growing focus on sustainability and environmental conservation. Throughout the lecture, she engaged the cadets with thought-provoking discussions and real-world examples, inspiring them to envision themselves as future leaders driving positive change in society. In conclusion, the guest lecture served as a valuable platform for NCC cadets to gain insights into future trends and opportunities, empowering them to chart their paths towards personal and professional growth in alignment with the evolving landscape of the world.

Career Awareness programme on “Apprenticeship Based Degree Programme”

Date:14.11.2019

Career Awareness programme on “Apprenticeship Based Degree Programme” Was held on 14.11.2019 at JMJ College for women (A) Tenali. In this programme Prof. N.Ganesh, Head – Education initiatives Logistics Sector skill council [LSC] gave his valuable talk on Apprenticeship programme. In this he thrower light on how the ministry of skill development and Entrepreneurship[MSDE] through National skill development corporation of India(NSDC),has designed five Apprenticeship-based UG and one PG Degree programmes with the primary objective of creating adequate skills for gainful employment at supervisory and middle levels of Management in Logistics Industry. He also elaborated his talk on the core focus of the programmes is skill development and hence on-the-job-training in the form of industry A Apprenticeship is embedded in the programmes. In this Apprenticeship -based BBA in Logistics -One of the programmes-has been launched in 15 institutions across the country in the Academic year 2019-2020.In this programme 79 participated and got good knowledge.

Report

Activity : Workshop

Topic : Renewable Energy

Date: 06-01-2020

Resource Person: Dr.Ch. Vijaya Kumari, Lecturer in Physics, SSN College

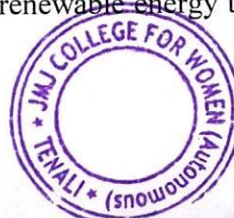

Venue: MBA Seminar Hall

The Department of Physics organized an insightful Workshop on Renewable Energy, delivered by the esteemed Dr. Ch. Vijaya Kumari, Lecturer in Physics, SSN College, Narasaraopet for all B.Sc Physics students. The event was held in the MBA Seminar Hall and witnessed enthusiastic participation from students, faculty, and renewable energy enthusiasts. Dr. Ch. Vijaya Kumari, a renowned expert in the field of renewable energy, commenced the lecture with an introduction to the pressing need for sustainable energy solutions in today's world. She highlighted the environmental and economic benefits of renewable energy sources such as solar, wind, hydro, and biomass, stressing their role in mitigating climate change and reducing dependence on fossil fuels.

Dr. Kumari is explaining the basics of various renewable energy sources, their availability, and the technology behind their utilization

She provided detailed insights into how solar panels and wind turbines convert natural energy into electricity. She discussed recent advancements in renewable energy technologies, including

improvements in photovoltaic cell efficiency and the development of more efficient wind turbines. Dr. Kumari also touched upon the potential of emerging technologies like tidal and geothermal energy.

Dr. Kumari's lecture transcended mere education; it ignited a flame of inspiration, urging attendees to envision themselves as pioneers in the realm of renewable energy, architects of a sustainable tomorrow. The Department of Physics extends heartfelt appreciation to Dr. Ch. Vijaya Kumari for her invaluable insights, and to all participants whose engagement illuminated the path towards a greener, more prosperous future.

Dr. Ch. Vijaya Kumari is explaining on Energy Storage: Balancing the Renewable Equation

Outcome:

1. Students gained the knowledge of renewable energy resources.
2. Students learned something new about Solar, Wind, Hydro, Ocean, and Thermal and Tidal energy conversion system

Report

Name of the Event : Guest Lecture
Title : " Quantum Computing"
Date : 19-09-2018
Speaker : Mrs.K.Aparna,
Lecturer in Computer Science ,
Andhra Loyola College,Vijayawada
Organized by : Department of Computer Science
Students Involved : III B.Sc. Computer Science students
Number Students Attended : 78 students

The Department of Computer Science hosted a captivating guest lecture on quantum computing by Mrs. K. Aparna. Mrs. Aparna adeptly navigated the complexities of the subject, providing attendees with a comprehensive overview of quantum computing principles and applications. Her engaging delivery and depth of knowledge sparked lively discussions among participants, leaving everyone inspired by the vast possibilities that quantum computing offers.. He commenced the lecture by providing an overview of the current landscape of mobile applications, highlighting the exponential growth of smartphone usage and the increasing demand for innovative mobile solutions across various industries.

The speaker showcased examples of successful mobile apps, dissecting their features and functionalities to illustrate key principles and best practices.

In conclusion, the guest lecture on Mobile App Development by Mr.B.S Reddy provided attendees with a comprehensive understanding of the principles, tools, and techniques involved in creating successful mobile applications. The event sparked meaningful discussions and inspired students to explore opportunities in this dynamic field of technology. The Department of Computer Science extends its gratitude to Mr.B. Reddy for sharing their expertise and insights with the audience, contributing to the enrichment of knowledge and skills among students and faculty members alike.

Report

An online certificate course titled "R-Programming" was offered, with 35 students from III B.Sc (MPCs & MSCs) registered in the academic year 2018-2019. The course was taught by Mrs. D. Usha Kranthi from the Faculty of Computer Science, who guided the students in learning R-Programming. After successfully completing the course, the students appeared for the exam. During this course, students learned about various objects in R-programming.

Report

Name of the Event : Guest Lecture
Title : " Mobile App Development "
Date : 25-01-2019
Speaker : A.Siva Kumar,
Lecturer in Computer Science,NRI College
Organized by : Department of Computer Science
Audience : III B.Sc Students
Number Students Involved : 56 students

The Department of Computer Science organized an enlightening guest lecture on Quantum Computing for undergraduate computer science students. The session, held in the MBA Seminar Hall, was led by esteemed expert A.Siva Kumar,, who provided invaluable insights into this cutting-edge field. A.Siva Kumar,commenced the lecture by contextualizing quantum computing within the broader landscape of computer science, emphasizing its revolutionary potential to solve complex problems exponentially faster than classical computers. The audience, comprised mainly of undergraduate students, was intrigued by the promise of quantum computing to revolutionize various industries, including cryptography, drug discovery, and optimization.

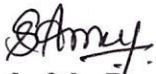

The speaker is adeptly navigated through the complexities of quantum computing, making the subject accessible and engaging for the audience

.Moreover, the speaker explored the current state of quantum computing research and development, highlighting recent breakthroughs and advancements in hardware and software. The students gained valuable insights into the challenges and opportunities inherent in building scalable and reliable quantum computing systems. The lecture concluded with a thought-provoking discussion on the potential societal implications of quantum computing, including its impact on cybersecurity, machine learning, and artificial intelligence. He encouraged students to delve deeper into the field and explore opportunities for research and innovation.

In summary, the guest lecture on Quantum Computing by Mr.Siva Kumar was a resounding success, providing undergraduate computer science students with a captivating introduction to this transformative technology. The Department of Computer Science extends its gratitude for sharing their expertise and inspiring the next generation of quantum computing enthusiasts.
