**OUR COLLEGE PATRONS**

## OUR PATRONS

Jesus, Mary and Joseph are the three persons to whom this college has been dedicated.

God has no beginning or end. He is the Alpha and the Omega, the beginning of all things. As a human being, Jesus the son of God was born in space and time. He was a Jew from a small village called Nazareth in Palestine. He was born in a poor artisan family. At the age of 30 he began his work. He often mixed with sinners, dined with outcasts of the society and searched for those who had gone astray from the right. He was misunderstood by his contemporaries, accused with false charges before the Roman Court and put to death as a criminal on the cross. Yet he rose from the dead on the third day and lives for ever. Jesus is the same - Yesterday, Today and Forever.

Jesus son of God was born of a Virgin called Mary. She was very devout person. She always believed that God loved and cared for her. She trusted completely in the Divine. In fact, speaking about her, a saintly woman said, "**Blessed are you Mary, for you have believed, all that was spoken to you by the Lord.**" Joseph the husband of Mary was a man particularly chosen by God to be the guardian of his son Jesus. He was a Carpenter by trade and a just man by upbringing. His sense of duty and justice coupled with faith and trust was the atmosphere in which Jesus grew up, as a young boy. In Christian tradition this family of Jesus, Mary and Joseph was called the Holy Family and upheld as model to be emulated by all families.

It was our earnest desire that everyone who enters this campus may receive the blessings of the Holy family. May the peace and joy that reigned in the family of Jesus, Mary and Joseph be always with you.

## PROFILE OF THE FOUNDER

Fr. Mathias Wolf, the founder of the Soc. JMJ was born at Diekrick in Luxemburg on March 9, 1779 into a very large family. Mathias, as a boy, went to Latin Grammar School in Luxemburg. In 1792, this was closed down due to the threat of war, and of the French Revolution. Mathias then attended clandestine classes by an ex-professor with some fellow students. But the political instability forced him to flee across the Luxemburg frontiers. After some wanderings, he arrived at Cologne in Germany, and continued his studies at a Catholic University. On April 25, 1802 he was ordained as a priest. Though he had a strong desire to be a Jesuit, it was not possible because in 1773 Pope Clement XIV had suppressed the order of Jesuits.

For the next twelve years, Fr. Mathias devoted his life in priestly work in different parishes. In 1814, the Order of Jesuits was restored all over the world. Mathias asked the Vicar General of the Society in Rome, permission to become one of its members.

Fr. Mathias did his noviciate in Belgium, and on February 13, 1815 he entered the Society of Jesus. In June 1816, along with Fr. De Hasque, Fr. Wolff was sent to a little town in Netherland on the southern bank of Lek. There the people, in general were indifferent to religious practices. The two began giving regular instructions, preaching sermons to the people. The church was rebuilt. Fr. Wolff had a missionary zeal, and not withstanding his difficulty with the Dutch language, he brought many lost sheep back to the Lord.

Fr. Wolff was aware of the difficulties in getting the children of the poor Catholic parents educated. He was also aware that education was the only means of liberating them from their miseries. Therefore, he made up his mind to do something for them.

It was then that three young women approached him with a desire to dedicate their lives in serving God's people. He sent them to Namur to the Sisters of Notre Dame for religious training. On their return, Fr. Wolff founded the "Pedagogie Chretienne" on July 29, 1822 in Culemborg, later known as the society of Jesus Mary Joseph.

## THE SOCIETY OF JMJ

Thus the Society of Jesus Mary Joseph came to existence under the above title for the education of young girls. It started in India with the arrival of seven Dutch missionaries in Guntur, A.P., India on February 24, 1904. In 1962 the Indian province obtained autonomy. The formation of three autonomous provinces - Bangalore, Guntur and Hyderabad took place in July 1987. In 2009 a fourth province namely Raipur Province was erected in Chattisgarh. The Society has 1,238 members working in various countries of Netherlands, Indonesia, Africa, (Ghana) Rome, India and America (New Mexico). The Charism of the Society is **"Ever Adaptable Apostolic Availability"**. According to the needs of the times and places, the Society takes up various apostolates and ministries. The members devote themselves to Medical, Educational, Pastoral and Social works.

110 years ago, the Society of JMJ that made a humble beginning with just seven Dutch sisters, has 100 communities all over the country, serving in 145 institutions of schools, colleges, technical training schools, hospitals, schools and colleges of nursing, health centres, social work centres for development of women and tribals, community colleges for school drop-outs, homes for the aged, handicapped, integrated school for the blind, lepers, HIV / AIDS counseling centres etc.

The JMJ Society in India is ever ready and open to the signs of the times to spread the kingdom of God which is a kingdom of peace, love and justice among our Indian people.

## **THE COLLEGE**

### **1. VISION**

To educate, enrich and empower the young girls to achieve academic excellence, spiritual growth and noble principles of life, to become integrated women force to lead home and society.

### **2. MISSION**

J.M.J. Higher Education aims to promote the intellectual development of the rural youth who are socially and economically backward, and enable them to serve the society. The institution aims at enhancing the levels of competence, commitment and compassion to prepare the students as dynamic leaders and global citizens.

### **3. AIMS AND OBJECTIVES OF THE COLLEGE**

The aim and objective of the college is primarily to serve the interests of the minority community, belonging to the Roman Catholic Mission. As such they are given first preference for admission to the College and Hostel. It aims at imparting a sound Christian Education, keeping in view, the Roman Catholic Religion and Faith, under the teaching of the Roman Catholic Church. It awakens and inspires in students, high ideals of service, social justice and the prominent role they play as makers of home and society. The College considers as its special obligation, preparation of the Christian youth to deeper experience of Jesus and love of fellow-men based on the Gospel. As such, the college as a minority institution reserves for itself, its inherent and constitutionally recognised right of management and administration. However the youth of other Christian denominations, creeds and classes are also given an access in promoting education, specially the socially and economically backward classes in the society.

We endeavour through our Motto, “Love in Service” in realising the following:

- To transform the girls into women of Character and wisdom
- To modulate their thoughts into a world of service and order
- To remodel the minds of innocence with sparks of intellect and elegance
- To make them master the tenets of science and technology
- To empower their tender hearts to become the leaders of the new worlds
- To inculcate the spiritual order, needed to lead the Society.

**We teach .... to reach the new heights**

## ACADEMIC GUIDELINES

As per the autonomous system, J.M.J. College has adopted the semester system. The academic year is divided into two semesters, each consisting of 90 instructional days. The odd semester is from June to October and the even semester is from November to March. Each semester is a complete unit by itself. The instructional methods include conventional lectures, classroom interactions, guest lectures, seminars, symposia, field study, etc. The syllabi and the model question papers will be provided by the respective departments.

### **Choice-Based Credit System (CBCS) :**

In the academic year 2013-14, the college introduced the Choice-Based Credit System (CBCS) under which all Degree students are expected to earn a minimum of 124 credits for the completion of the Under Graduate Course.

BA/B.Com course students are expected to earn 134 credits (Languages - 18, Foundation Courses-20, Core Courses-96) and B.Sc course students are expected to earn 158 credits (Languages-18, Foundation Courses-20, Core Courses-120) from 2015-2016 batch onwards. In this system, all students choose any one combination of three major subjects offered. During the first three years, they learn languages (Part-I), the foundation courses (Part-II) and the three major subjects (Part-III). Students can earn extra credits by rendering community service during holidays/vacation through NGOs/Government Organizations/Registered Trusts etc. 30 Hrs-01 Credit, 60 Hrs-02 Credits by producing authorized Certificate.

The first and second year students besides undergoing the regular curriculum, also choose three elective courses : one

knowledge based elective, one skill based elective and one general elective.

The third year students besides studying the regular subjects, also opt for two subject electives in Part-III (Papers VI & VIII) in each of the major subject. In order to make students, research oriented, all final year students are to undertake the project work (Part-III). These are the vital components of the Degree curriculum under the CBCS.

As per APSCHE guidelines of revised Choice Based Credit System the following **Life Skill Courses** and **Skill Development Courses** are introduced in the place of earlier 10 foundation courses with the same hours, credits and maximum marks with effect from the academic year 2020 – 2021.
